

# A Flurry of Hearts

**We could all use a little extra love!** With an adult's help, color in and cut out the hearts below. Throughout the week, share some kindness with those around you. You could give a gift to a friend, share a smile or a joke, or help your loved ones with household chores. Each time you complete an act of service, leave a heart behind for that person to find!

## Need a little help? Here's an example!

When I am with my grandma.

Love looks like her pink glasses.

Love feels like her soft blanket.

Love smells like her perfume.

Love tastes like her pasta.

Love sounds like her singing.

I love you, Grandma!
