STOP AND TAKE A REST!

Note to event coordinator or teacher: This activity may be best to hold for the end of your event. Otherwise, your little dinosaurs may be too excited to settle for storytime!

At the end of the day, the dinosaurs need to stop and take a rest from all their marching, flying, splishing, and splashing. March around in a circle to Laurie Berkner's song "We Are the Dinosaurs."
Don't forget to sing and dance along!

Assign a group leader to hit pause on the music at random. Each time the music stops, all of the dinosaurs must stop and take a rest by sitting down. The first dinosaur to sit gets to be the group leader for the next round!

Cut out the name tags below to use in the game!
