HOW TO MAKE YOUR OWN COMIC!

All you need is one sheet of paper!

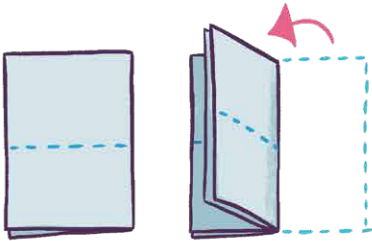

1 Take your sheet of paper and fold it long ways. Then unfold.

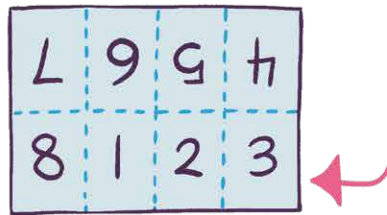

2 Next, fold the paper short ways!

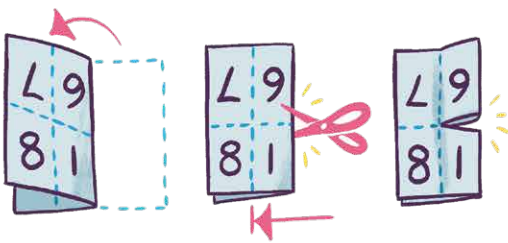

3 Fold it again the same way.

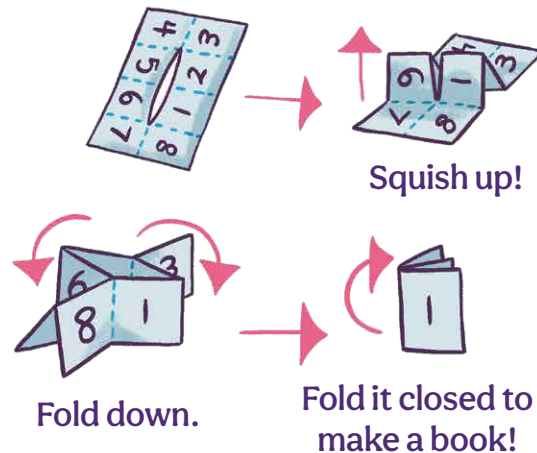

4 Unfold, and it should look like this:

5 Repeat step 2 and then cut along the middle crease. Not all the way, though! Just to where the two creases meet.

6 Now unfold and put it together to form a book!
