

# MY NATURE LOG

Pretend you're Miranda! Find an animal you might encounter every day that you don't always pay attention to. Observe it more closely and write what you learn!

**1.** What does the animal look like? Does it have fur, feathers, or something else? How many legs does it have? Does it have a face with two eyes, a nose, and a mouth?

---

---

---

---

---

**2.** Does the animal move or does it stay in one spot? If it moves, how does it move around? Does it walk like you?

---

---

---

---

---

**3.** Have you seen the animal eat? If not, what do you think it eats for meals? Where does it find its food?

---

---

---

---

---

**4.** Where does the animal live? Does it live alone or with a family? Draw a picture of the animal in its home.

RESCUING MRS. BIRDLEY
